~ Students do not generally go to their locker between 2nd and 3rd period or between 8th and 9th period. Some students prefer to have one larger (2-3") binder for AM classes (2nd & 3rd periods) and another for PM classes (8th & 9th periods), as well as a normal size binder for 6th Period. This is an option for students who benefit from having fewer supplies to transport each day. ~
